Independent Mechanical Industries Receives Safe Workplace Award

June, 2012

Chicago, IL – For the second year in a row, Independent Mechanical Industries, Inc. (IMI) was presented a Safe Workplace Award by the Mechanical Contractors Association of Chicago (MCA). The award recognizes contractors who have exhibited exemplary safety performance with their Pipefitter workforce. In order to be eligible to receive the award, a contractor company must achieve a total OSHA recordable incidence rate less than the national average. IMI received the award for contractors who worked 30,000 to 100,000 Pipefitter hours. IMI's current safety statistics include a Total Recordable Case Incident Rate (TRIR) of 0.58, an Experience Modification Rate (EMR) of 0.70, and a Days Away, Restricted, or Transfer Rate (DART) of 0.58.

The MCA of Chicago is a professional association representing contractors who perform piping work in mechanical construction. The association exists to help those contractors maintain their competitive advantage in mechanical construction and service through education, labor relations, public relations and government affairs both locally and nationally. It is the leader of the union mechanical construction, industrial and service industry and promotes professionalism, cost-effectiveness, safety and productivity of union construction and services.

Independent Mechanical Industries, Inc. provides industrial & process piping, heat & power generation, HVAC, and contract maintenance & service work to clients in Illinois, Northern Indiana, and Southern Wisconsin. Originally founded in 1923, Independent Mechanical Industries is a third generation, family owned firm that prides itself on its ability to perform projects of all sizes and complexity.
