## Independent Mechanical Industries Celebrates 90 Years

March, 2013

**Chicago, IL** – Independent Mechanical Industries, Inc. is celebrating its 90<sup>th</sup> Anniversary this year. Incorporated by Harry J. Reynolds and Walter E. Schmidt in 1923, as the Independent Boiler & Tank Company, the firm continues to deliver on the core values of Safety, Quality, and Integrity, established by its founders. The company, now in its third generation of family ownership, is piloted by John M. Reynolds and Joseph P. Reynolds. To celebrate this tremendous accomplishment, the company has launched a commemorative logo. The logo, designed by a fourth generation Reynolds, will be used on the company's correspondence for the year.

Independent Mechanical Industries, Inc. (IMI) is a full service mechanical contractor specializing in the installation of mechanical equipment, power & process piping and mechanical service maintenance for central heat & cooling plants, water & waste water treatment plants, pumping stations, institutional, municipal, commercial and industrial facilities. The company performs work in Illinois, northern Indiana, and southern Wisconsin.

IMI utilizes the latest technologies for estimating, scheduling, design, coordination, fabrication and project management. These capabilities allow IMI to provide complete turnkey services on projects of various sizes and complexities. IMI can perform work, when required, in accordance with the A.S.M.E. codes, A.N.S.I. standards, and state regulations. IMI presently maintains four A.S.M.E. code stamps. These stamps are: "U" – Manufacture of Pressure Vessels, "PP" – Fabrication and Assembly of Pressure Piping, "A" – Assembly of Power Boilers, "H2" – Heating Boilers. In addition, IMI is certified by The National Board of Boiler & Pressure Vessel Inspectors to repair and/or alter boilers, pressure vessels, and other pressure-retaining items.
