

INDEPENDENT
MECHANICAL INDUSTRIES, INC.

University of Chicago – Campus Utility Plant

Owner
University of Chicago

Client
Bovis Lend Lease

Location
Chicago, IL

Architect
Murphy Jahn

IMI contract amount
\$18,457,500

Completion
2010

IMI performed mechanical piping, boiler erection, and chiller installation at the West Plant. In addition, IMI provided Mechanical Consultant Services in order to assist them in the design, coordination and installation of the work. This plant is designed to provide central cooling and supplemental steam campus wide. IMI headed up the MEPFP coordination and installation process for the Client.
